

Nova-Mat

Cutting Mat

Protect Your Work Surface & Print Materials

The Nova-Mat is a high-quality cutting mat that's suitable for busy sign and print workshops where industrial level surface protection is required.

With class-leading thickness, self-healing properties, and silicone free, the Nova Mat ensures straighter cutting and allows knife blades to last longer.

A great investment for any workplace - protecting work surfaces with great easy-clean and waterproof properties, keeping surfaces and materials in excellent condition.

Advantages

- ✓ Increase speed of cutting and trimming
- ✓ Protect work surfaces and materials
- ✓ Hygienic and waterproof
- ✓ Knife and solvent proof

Engineered for cleaner cuts, longer blade life, and total surface protection
